

# Truchard Vineyards

**Tasted by Mike Kopanski on 3/10/2012:** [\*Giant Wine Sale & Tasting 3/10/2012 \(Cellar on Greene, Columbia, SC\)\*](#): This is real Chardonnay. Estate grown and vinified, these people have had a generation learning how to bring out the flavors and aromas of these grapes. This is an excellent hillside site, greatly influenced by the coolness of the Carneros region. The use barrel fermentation to help bring out some richness and softness. I especially enjoy the brown spice, and molasses flavors they achieve from barrel fermentation.
